"From the Pastor's Desk"

Next weekend is the **Labor Day Weekend!** It's **the weekend that includes the first Monday of September** that our Leaders set aside 133 years ago to **honor all workers - the many men and women** who work hard each day to make our country run.

As a young worker in Chicago, I always looked forward to getting together with my friends on Labor Day either at the beach along Lake Michigan or at one of the many beautiful parks all around the city. We'd swim and throw the ball or the Frisbee, cook hamburgers & hot dogs and have a great time ... knowing all along we were getting paid for this!

Well, something has risen up to ruin this ... and that something is **GREED**.

Yes, the greed of business men and women has moved them to open their stores and lure in the people to shop ... people who are taking the day off.

So while everybody was originally given the day off ... now employees at those stores aren't off!

And, instead of all those store employees being able to take a **day off with pay ... resting and relaxing with their families**, they have to go and do the same thing they do every Monday ... **work!**

It defeats the very reason for the Holiday!

Please help to put an end to this! Throw out all your Labor Day coupons and don't go anywhere where people are working to serve you. Get your gas and your hamburger meat the day before.

Don't go to a movie ... go to **the Park or the Lake** where no one has to work to serve you.

Believe me, if greedy business men & women don't get any business this Labor Day, you can bet they'll be closed next year. And then all their people will be able to have the day off with pay too!

God bless America!
Happy Labor Day, Love Father Deering

Right to Life

Abortion is not as safe as the pro-abortion forces would like for you to believe. There are well documented studies which indicate that abortion causes infection, hemorrhage, cervical tears, perforation of the uterus and other organs, sterility, breast cancer and death; this is just the mother's risk. Death always occurs to the baby!
